

ALLIED ARMIES TO ADVANCE IF HUNS DON'T SIGN DECLARES GERMAN DESTINY HANGS IN BALANCE

Opposition to Peace Terms Disappearing Among Germans is Announcement Today.

MUST "BOW TO TERMS"

Brighter Prospects of Settling the Italian Dispute Apparent Today.

Leaders Examining German Notes Regarding Treaty Provisions.

(By Associated Press)

Berlin, Monday, May 12.—"Even if important changes are not made by the negotiations begun at Versailles, there remains no choice but to bow to compulsion and sign this treaty," says an appeal of the Central Committee of the Independent Social Party in the party organ this morning.

(By Associated Press)

Paris advises today indicate brighter prospects for a solution of the Italian problem, which is a pressing one now that the peace conference is on the eve of receiving the Austrian delegates.

The Austrian peace delegation is on the way to Paris, some members of the mission being already in France and due to reach Paris tonight with the chief plenipotentiaries arriving Wednesday morning.

Although it is not believed probable that the Germans will refuse to sign the treaty presented to them Wednesday, the Entente forces are prepared to advance into Germany if the enemy should reject the terms, according to a London dispatch.

The wave of opposition in Germany to the signing of the treaty on the terms presented shows no signs of subsidence.

Both President Ebert and Chancellor Scheidemann have made statements denouncing the terms. Neither of them, however, went so far as to state that Germany would not sign them.

In Chancellor Scheidemann's statement the possibility of a new government taking office in Germany was discussed, but the Chancellor declared it was doubtful whether the formation of a government which would sign the peace terms would be satisfactory to the Allies, the implication being that it would be ultra-radical in character.

Meanwhile, the experts of the Council of Four are examining the notes sent by Count von Brockdorff-Rantzau, head of the German mission, to Premier Clemenceau, president of the peace conference, relative to the repatriation of prisoners and the establishment of a new basis for international labor legislation along lines suggested by German experts.

A draft of the German plan for a League of Nations has been handed to the League of Nations Commission of the peace conference.

"LAST BAND OF FAITHFUL"

Says If Terms Accepted Deputies "Meet for Last Time as Germans Among Germans."

"In Terms 100 Sentences Begin With 'Germany Renounces' Is Bitter Declaration.

(By Associated Press)

Berlin, May 13.—Chancellor Scheidemann, in his speech before the National Assembly here yesterday, said that the occasion was the turning point in the life of the German people, as the Assembly was to decide the attitude toward "what our adversaries call peace conditions."

"The representatives of nation," he continued, "meet here as the last band of the faithful assemblies, when the Fatherland is in the greatest danger."

"All have appeared except the representatives of Alsace-Lorraine, who have been deprived of the right to be represented here just as you are to be deprived of the right to exercise in a free vote the right of self-determination."

"I see among you the representatives of all the German races and lands. Together with the deputies of the menaced provinces, who if the will of our enemies becomes law, are to meet for the last time as Germans amongst Germans."

"I know I am one in heart with you in the gravity and sanctity of this hour, which should be ruled by only one idea—that we belong to one another and must stand by one another, and that we are one flesh and one blood, and that whoever tries to sever us is driving a murderous knife into the living body of the German people."

"To keep our nation alive—that and nothing else—is our duty. We are pursuing no nationalistic dreams."

"The thing which is the basis of our discussion is this thick volume in which 100 sentences begin—'Germany renounces.'"

"This dreadful and murderous volume by which confession is made of our unworthiness, our consent to pitiless disruption, our agreement to helotry, and slavery, are to be extorted, this book must not become the future code of law."

WOULD GREET THE AUSTRIANS

(By Associated Press)

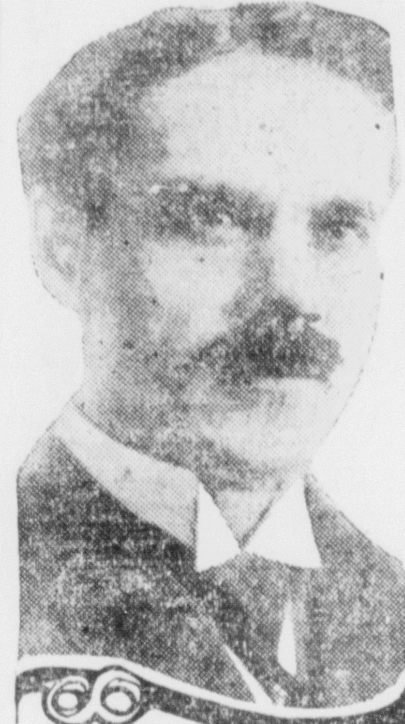

Paris, May 13.—It developed this afternoon that Count von Brockdorff-Rantzau, head of the German peace delegation, intended to ask permission to send German delegates to receive the Austrian representatives, according to the Havas Agency.

It had previously been announced that the Allies intended to keep the delegations wholly apart.

FARMER SUICIDES

Dr. James E. Crowther

To show in striking, dramatic manner that the present world unrest merely repeats chapters in history is the purpose of a stately, inspiring pageant which has been arranged by Dr. James E. Crowther of Seattle Wash., for presentation at the big Methodist Centenary Celebration of June 20-July 13 in Columbus O. Understanding and comfort to the mar twined by the trend of modern events are the essentials Dr. Crowther desired to convey when he chose this most dignified form of public presentation.

Navy to Release all Temporary Officers

Washington, May 13.—(Associated Press)—All temporary officers who entered the navy for the war period only will be released within a few weeks, Acting Secretary Roosevelt announced today. There are more than 1,000 officers and they will be replaced by reserve officers accepting temporary commissions with agreement to remain in the service until six months after peace is declared.

Washington, May 13.—Dispatches to the Navy Department today from Trepassey Bay indicated that the naval seaplanes at Newfoundland could not start on the trans-Atlantic flight for 24 hours. Commander Towers said heavy seas were running and that a storm was coming down on the course to the Azores.

The N. C. 4 also is weatherbound at Chatham, Mass., and officials here regard it as improbable that she will be in the overseas flight as Commander Towers indicates he will start as soon as weather conditions permit without awaiting arrival of the N. C. 4.

BLAME ALSO TO BE FIXED ON AUSTRIA

Responsibility Clause Similar to That of German Terms, Part of Terms to Austria.

BOUNDARY SERIOUS ISSUE

Adequate Protection for Italy Necessitates Including German Speakers.

(By Associated Press)

Paris, May 13.—In the peace treaty with Austria, now well toward completion, a responsibility clause has been inserted identical with that in the German treaty with exception of the first clause providing for the trial of former Emperor William, is omitted. The remaining clauses make provision for the trial of military offenders by an international court martial.

The frontier delimitation of the new Austria presents the one serious issue in the drawing up of the treaty, somewhat similar to that of the Sarre valley in the German treaty.

This is as regards the lower Tyrol, a section of which is detached from Austria and placed within the boundaries of Italy. It includes the city of Bozen and Meran and an estimated German population of about 250,000.

The reason for attaching this German speaking population to Italy is the establishment of a strategic frontier giving Italy an adequate protection from invasion from the north.

PAGE AND WILSON IN CONFERENCE

(By Associated Press)

Paris, May 13.—This afternoon President Wilson received Thomas Nelson Page, the American Ambassador to Italy, in connection with the Italian question.

The Italian representatives have resumed complete participation in the pending peace negotiations by appointing a member of the Liaison commission controlling all communications with the German delegation. This commission has hitherto been composed only of British, French and American representatives.

GERMAN PARTIES WILL WITHDRAW IF TREATY SIGNED

(By Associated Press)

Paris, May 13.—The heads of the two German democratic parties and the parties of the Center have informed Chancellor Scheidemann that their parties will withdraw their representatives from the government in case the cabinet decides to sign the peace treaty, according to a Berlin dispatch received here by way of Basle.

SCHEIDEMANN SAYS GERMANY CANNOT ACCEPT PEACE TERMS

PARIS, MAY 13.—(Associated Press)—Germany is willing to make integral reparation but the conditions in the treaty take from her all means of doing so, Chancellor Scheidemann told the National Assembly yesterday, according to the version of his speech received here. He said that if Germany accepts and signs the peace treaty she will cease to exist.

The German government, he added, considers that the peace conditions of the allied and associated powers are not acceptable. The Chancellor announced the German peace delegation had presented counter proposals and would present others. He said the most important task of the delegation at present was to open negotiations with allied and associated states.

(By Associated Press)

Washington, May 13.—Contracts for at least 500 airplanes of the latest heavy types will be awarded among manufacturers under plans prepared by the Army Air Service and sent to Secretary Baker today for his consideration.

The primary purpose would be to keep the industry in such condition as

would insure its rapid expansion to meet the requirements of a national emergency.

LONG FIGHT IS TOLEDO OUTLOOK

(By Associated Press)

Toledo, O., May 13.—Efforts of union labor men, company officials and Mayor Schrieber to settle the troubles which have thrown approximately 10,000 men out of work at the Willys-Overland plant and the Electric Auto-Lite Company came to a sudden and at least temporary halt today and both sides announced their readiness for a long fight.

INVITATION OF ALLIES HAS NOT BEEN ACCEPTED

Hungarian Government Slow to Respond to Call Made.

Soviets Still Control Budapest

(By Associated Press)

Paris, May 13.—The Hungarian government has not yet accepted the invitation to name delegates for signing the peace treaty but it is assumed here the Bela Gun regime will gladly take advantage of this means of establishing relations with the outside world. Allied representatives at Vienna were directed recently to proceed to Budapest for the presentation of the proposal.

It was expected then that the Soviet regime was about to fall, but it later developed it had secured a new lease on life. The instructions to the Allied representatives were not withdrawn, however.

(By Associated Press)

Washington, May 13.—In arranging today for the organization conference of Republican Senators tomorrow leaders agreed to postpone action on the contest over the election of Senators Penrose of Pennsylvania and Warren of Wyoming, as chairman of the finance and appropriations committees, respectively.

The fireworks committee named by the committee on arrangements for the reception and celebration for Fayette's returned soldiers, to be held in this city May 27th, has reported from Cincinnati that a great collection of fireworks has been purchased and arrangements made for experts to handle the display. The fireworks will be the grand finale of the big day, and will be on a greater scale than ever before attempted in the city.

At a meeting of the general committee, held Monday night, a resolution was adopted that all floats entered in the big parade must be approved by the parade and float committee.

Announcement was made that the colored people of the city and county will take an active part in the proceedings of the day, and committees are now being named and a reception on an elaborate scale planned.

Tuesday of next week a trip around the county will be made by a large number of automobiles to help increase the already great interest in the big event.

Invitations are going out to every organization in the city and county to have them take part in the parade in a body.

The Fayette Auto Club has respond-

ed nobly to the call for help in distributing the thousands of bills, posters, streamers, stickers, and other advertising, and will soon "Red Letter" the city and county.

The program, virtually complete, will be issued within the next few days, and is a most comprehensive one.

**HARRIS D. MARCHANT
APPOINTED MANAGER**

It is gratifying news to many friends in this community to learn that Mr. Harris D. Marchant is meeting with pronounced success in his comparatively new field of business activity, the automobile industry.

The "Motor West," a publication of the Pacific Coast, in an article on the S. K. F.—Hess Bright Merger, which means the consolidation of the S. K. F. Ball Bearing Co., of Hartford Conn., and the Hess-Bright Mfg. Co., of Philadelphia with administrative offices in New York, says of Mr. Marchant:

"Harris D. Marchant, who also has been efficiently connected with Hess-Bright the last two years, has been appointed manager of the new consolidated branch at San Francisco. A. M. MacLaren, of the S. K. F. Co., will be actively associated in the business as heretofore, with headquarters at San Francisco. The office force of the new branch will be doubled because of the increased business, and a competent and active engineering and selling force will be in the field to render every service to the trade at all times."

Already protest has arisen because the date conflicts with the returned soldiers' celebration, and the election date may be changed.

**STOMACH REMEDY
STOPS HEAD NOISES**

This statement by Mrs. Frank Hess, of Jackson, Ohio, seems almost incredible to those who do not realize the many and varied ills for which stomach troubles are responsible.

She says:
"For years I was troubled with a noise and roaring in my head. I consulted a number of physicians, but none gave me any relief. Finally a B. & O. Engineer suggested I try Dr. Parker's Treatment for Indigestion and Constipation. I did so, with the result that it relieved my trouble, and also relieved me of a severe case of Indigestion and Constipation with which I was suffering. It is certainly a fine medicine."

Dr. Geo. B. Parker, of Athens, Ohio, originator of this treatment, says:
"I know that my treatment will bring relief in the most severe case of Indigestion and Constipation. If you have sour stomach, belching, bloating, or pain; constipation, irregular bowels, cramps, unreliable appetite, sleeplessness, weakness, nervousness, palpitation, dizziness, cold hands and feet, or other symptoms of stomach disorders, try one box of my treatment. If it does not help you, your money will be returned."

Dr. Parker's Treatment for Indigestion and Constipation is sold by all local druggists, \$1 the box.

IN WAR STAMPS**

The immense sum of \$5,720,970.00 will be paid to the people of Ohio on May 15th as interest on the Second Liberty Loan bonds.

Provision has been made for the acceptance at postoffices of the interest coupons from these bonds in payment for War Savings Stamps—investments on a par with the bonds so far as absolute security is concerned also in the production of handsome profits. The investment not being so large.

Now the main thin about the present condition is that it enables the coupon holders to re-invest their bond profits in securities of the same high class but in smaller denominations an excellent opportunity to follow the one great rule which financiers lay down as the certain guarantee to riches—re-investment of profits.

The majority of the many small bond holders, but for the opportunity to purchase War Savings Stamps would be obliged to accept their interest in money, but with the chance to convert coupons into profit bearing War Savings Stamps they can pyramid right along on their investment compounding, so to speak their interest.

It is, an. opportunity, which none of the smaller investors should let pass.

Take the bond coupons to the postoffice and exchange them for profit producing War Savings Stamps.

The boys expressed their approval of the big celebration which will be on May 27th and said they looked forward to the meeting of their former comrades and friends when everyone gathers in Washington C. H. for that day.

The Nash Idea

To build cars of Exceptional Value in such Volume that they may sell at a Reasonable Price, is the Nash Ideal.

This enables the buyer to get a Better Car at a Lower Price.

It benefits the Manufacturer by greatly reducing the manufacturing cost per car, while improving the quality.

The Big Nash Factory at Kenosha is most admirably suited to carry out the Nash value and volume ideal.

Here are one hundred acres of factory, thirty-one under roof, three thousands skilled mechanics and thousands of machines of the latest approved designs.

And the directing genius of the Nash Organization has now so harnessed the energies of this great factory that the first year, operating with the same force of men, there was scheduled a quality production of 25,000 passenger cars, where not more than 5,000 cars were ever turned out before.

CENTENARY DRIVE HERE NEXT SUNDAY

The Methodist Centenary campaign for \$15,000,000 will absorb the attention of more than 400,000 Methodists in Ohio during the next week. One-fifth of the \$15,000,000 quota for the Cincinnati Area has already been achieved from a small part of the 3000 churches in this territory, and there is indication that the great goal will be reached.

Grace M. E. Church is putting on its campaign in connection with the others of the denomination throughout the state and nation, and Sunday afternoon has been fixed as the time for a general canvass.

TWO CHICKS BORN FROM SINGLE EGG

The Siamese Twins were out-rivalled and poultrydom scored a unique triumph in the freak world, when two tiny chicks emerged from the same egg in the incubator at the Brownell packing plant this morning.

The babes are both perfect physical specimens and are as alike as two peas except that one is a decided brunette and the other just as distinctly blond as to down.

Like the Siamese Twins, the chicks are joined together by an inch-long cartilage under the wings about the thickness of a finger. Both can stand and walk about, and such is their freedom of action that one may sit while the other stands.

Both have healthy appetites and give every promise of a successful career. So far as is known, the incident is the only one of its kind on record.

FUNERAL RITES OF HENRY CASEY

Mr. Henry Casey, life long resident of Fayette County, loyal G. A. R. veteran and valued Mason, was honored in impressive funeral services held at the M. E. Church of Bloomingburg Monday morning at ten o'clock.

The church was filled to overflowing and the gathering was in itself high tribute to the sterling man who had passed four score years in the esteem of his community.

Rev. Laughlin conducted the first part of the services and the Masonic ritual service closed them.

A quartet composed of Mrs. Mahlon Holland, Mrs. Raymond Scott, Miss Ethel Edwards, and Mr. Albert Haines sang with much effectiveness the hymns, "Lead Kindly Light," "I Would not Live Always" and "Jesus Lover of My Soul"—all hymns of Mr. Casey's own choice.

Mr. S. M. Brown, of Clarksburg, acted as Worshipful Master in conducting the Masonic Service.

The burial was made in the Bloomingburg cemetery, with all the old soldiers remaining in Bloomingburg, acting as honorary pall-bearers, Leonard Dellinger, William Bruce, Britt Bennett, Harvey Groff, Taylor, George Gordon, A. R. Swope, and Samuel Morgan and two of the veterans from this city, Mr. Joseph N. Willson and Judge Frank M. Allen.

The acting pall-bearers were Messrs. A. R. Swope, G. W. Gordon, J. Y. Stitt, J. M. McClure, J. M. Klevor, John Foster.

The only flowers were the emblems of the masonic lodge and the G. A. R. those sent by intimate friends, for Mr. Casey had openly expressed his desire that flowers in number should not be used at his funeral.

Relatives and friends from out of town included Mr. Frank Casey, Musc Shoals, Ala., son, Mr. Bliss Casey, of Cleveland; Mr. and Mrs. Claude Andrews, son, Dwight, of Columbus; Mr. and Mrs. W. W. Everett, son, Merritt, of Greenfield; Mr. A. G. Casey, of Cuyahoga, Iowa; Mrs. Gail Hamilton, of Dayton; Mr. and Mrs. S. M. Brown, of Clarksburg, and from this city Mr. and Mrs. Elmer A. Klevor, a daughter, and Miss Majorie Klevor, Judge Allen, Mr. and Mrs. John Nier and Mr. Jos. N. Willson.

GOITRE

Removed for this Springfield, Ohio, Girl by External Remedy.
Mrs. Frank Beard, 1610 Karr St., Springfield, says in her own home paper, the Springfield Daily News: "Sorbol-Quadruple removed a goitre of five years' standing for my daughter, five years ago, and it has never bothered her since. It enlarged her neck 1 1/2 inches and made her a nervous wreck. We despaired of her life. It took less than one bottle to restore her to good health. I am glad to tell anyone our experience, even by letter."

Sorbol-Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate the skin. After the goitre is removed, the parts are left in a healthful, normal condition. Requires ten minutes daily.

How Model 90 Broke the High Gear Non-Stop Record

Could the strongest power plant ever built stand the gruelling, searching punishment planned for the Overland 90 stock model when it started on its 7 day sealed in high gear, non-stop run recently at Oklahoma City?

The first day's performance was watched by the public with eager interest—601 miles and not a sign of let-down in the car's perfect record. Then two days of rain—whirling, drenching downpours, mud-clogged roads, which tried the endurance of four relays of drivers. Yet never a complaint from the sturdy Overland!

Four days more of pounding over country lanes and thru blocked city streets—always in sealed high gear—each day showing an average of 624 miles and an average of 20.66 miles to the gallon of gasoline.

And then the amazing score at the finish. Not once had the motor missed an explosion. Not even a spark plug was changed. 4370 miles was the non-stop high gear record by the Overland 90!

Among the 600,000 Overland owners, Model 90 has long been known for its record of long life and economical service.

Let us show you an exact duplicate of this remarkable Model 90 car.

Over the Top

The victory Loan went "over the top" with a rush as we all knew it would.

The American people are appreciative and grateful and they know a good thing when it is offered to them. Realizing the tremendous cost of our nation's participation in the war and the inestimable benefits resulting from our glorious victory they knew, at the same time, that the bills must be paid, and the final cash costs met—there was no escaping that fact. It did not require any long consideration for the sober minded, thrifty and far seeing American people to understand that if they didn't loan their money to the government at a good rate of interest on an absolutely safe investment the cost of the war would be taken from them in taxes, direct and indirect.

Aside from all patriotic impulses the Victory Loan was a splendid business proposal. From every angle it appealed to the people as the patriotic course and the only sensible business course.

There never could be any room to doubt the success of the loan from the time it was proposed. The American people have a way of doing things quickly and in a big decisive way. They knew the time limit and they knew their resources. While there was some little stir in the latter days of the campaign the big knockout punch was there all the time and it was delivered.

No Living Heroes

All the great statesmen of our own land as well as the statesmen of other lands who have rendered conspicuous service to their nation have had their ardent admirers and their bitter opponents during life.

Washington, Jefferson, Lincoln, Grant, Sherman, Sheridan and the other great statesmen and soldiers of our own land, had during the time they lived many opponents who not only disagreed radically with them in many of their most brilliant achievements, but often became bitter in their criticisms and severe in denunciation.

It is not surprising therefore that President Wilson and General Pershing, notwithstanding their brilliant achievements, should have a number of uncompromising critics and fault finders.

Human beings are not infallible and no matter how great their services it is a mistake to place them on a pedestal to be "worshiped" as something more than human. We should be appreciative of their deeds, proud of their abilities and charitable with their mistakes—they are not perfect.

It remains for posterity to see only the great deeds done and to forget the human weakness. While men live they make mistakes and will be criticized.

Time writes their faults in the shifting sand—only the great deeds remain. When men are dead and gone and no longer interfere with the plans and ambitions of others, the criticism ceases and the praise increases.

The Angel of Mons

Sergeant Teehan, of the Irish Dragoons of the Canadian army, speaking at Pittsburg last week said "There is not the slightest question that had it not been for Divine intervention in the shape of a great white cloud the British would have been defeated and Paris would have fallen" in 1914 at the battle of Mons.

The Irish Dragoon is not the only one of the British forces who fought at Mons to make that statement. Thousands of the survivors of that awful struggle assert emphatically that the angel of God did appear in recognizable form to protect the survivors of the British force following Mons and to hold up a forbidding hand against the advancing German hordes who, in overwhelming numbers were crushing the British army and crashing ruthlessly through the defense lines on their way to Paris, in wild orgy of murder and destruction.

It is strange for us now in the twentieth century to hear assertions like that made by Sergeant Teehan. We have long since "outlived" the days of miracles, the times when angels appeared to guard the armies of right.

But can we now, after all, say that just as the cloud by day and the pillar of fire by night led the Jewish tribes safely through the wilderness, the great white cloud which did appear at Mons in 1914 was not an angel sent to shelter those shattered remnants of freedom's army against the demons of iniquity, for some reason let loose upon the world.

Perhaps merciful God did take pity on that valiant little band of British and Canadians and sent an angel to safely enfold them. Certainly the hand of God brought the final victory. Few people indeed deny that the guiding hand of Jehovah directed the destinies of Foch's armies. Why not the angel at Mons—angels were there, why not in the great white cloud the thousands of soldiers saw?

POETRY FOR TODAY

SOMETIMES.

Sometimes, when going a weary mile,
We wonder, if we should rest awhile
And seek old friends whom we used
to know
Away back there in the long ago.
And seek a stream where we used
to wade,
And rest awhile in the grateful shade,
And hark awhile to a wild bird's song
Would all of the world we're in go
wrong?

If we should stop for a chat and
smile
With friends who once made the
world worth while,
If we should go for a day out far
Where the meadow-blooms and the
children are,
Where trees are tall and the skies
are fair,
And drop all worry and drop all care,
Would all we're working to win and
do
Go whirling wrong and be all askew?

Friends were so fine in the old, old
days!
The resting-trees and the blossomed
ways,
The wild bird song and the care-free
times,
The rushing streams and the moun-
tain climbs—
And now we're meshed in the gears of
life,
The rush and crush and the work and
strife
We sometime, going a weary mile,
Wish we might turn from the way
awhile.

CHINESE LOANS
BACKED BY U. S.

(By Associated Press)

Washington, May 12.—Organization
of a new consortium for financing
Chinese loans, announced today in
Paris dispatches, is regarded in official
circles here as a triumph for the
new American principle of extension
of the scope of participation in inter-
national financial arrangements.

At the State Department it was
said by officials that under the con-
ditions which are to govern the new
consortium, the Government practi-
cally, if not in specific terms, guar-
antees the investments of the bank-
ing group interested.

If the terms of the loan are just
and the conditions fair, and if China
agrees to the terms under which the
loans are made, it was stated official-
ly that the Government would assure
the bankers after the matter had
been submitted to the State Depart-
ment that the United States would
protect all the interest secured in
good faith.

News of Interest to Women

The appointment of Miss Florence E. Allen as assistant prosecuting attorney, of Cleveland is doubly significant as she is the first woman to hold public office in Cleveland.

Miss Allen's appointment came as a surprise to everyone except her friends, who have followed her career since she began to practice law in Cleveland five years ago. That was the College for Women in 1904, from New York university law school in 1908, and had been successively lecturer for the New York board of education and then musical critic for The Plain Dealer.

Miss Allen came into prominence first as legal advisor for the Woman Suffrage Party of Cuyahoga county. Her first note worthy stroke was the winning of the supreme court case in 1916 that forced the board of elections to allow East Cleveland women to exercise the franchise they had won. Miss Allen abandoned a trip through the northwest "stumping" for Woodrow Wilson to go before the State Supreme court.

Last year she was the first woman to appear before the national war labor board, when she presented the claims of the Cleveland conductors.

In an interview in the Cleveland

Plain Dealer Miss Allen says: "Women lawyers always have a hard row to hoe. That's why I am so happy over my appointment—not of myself, but of a woman—to a public office.

"Criminal cases aren't quite so nice to handle perhaps as civil cases, but a woman who trains herself to fighting will not notice the difference. I expect to be interested tremendously in helping turn the wheels of justice."

"I consider that Miss Allen will do a man's job in our office," Prosecutor Doerflinger said in announcing the appointment. "I rate her as the equal of virtually any male attorney in Cleveland."

Jenkins, who is responsible for the banking and marketing for the Toul Hostess House described her difficulties in maintaining the custom of Sunday night ice-cream by saying that it frequently means a special trip to France for ice when there is none to be had in Toul and an argument with a Frenchman to persuade him to sell it for such a purpose.

"Nancy has a large public market," Miss Jenkins continued, "and the women there know me now and display their best as I pass or remind me that last week's purchase must have been satisfactory."

"To buy legs of mutton enough to feed 125 while the French stand around to watch me choose the animals and the legs I wish, is rather comic."

AGREEMENT REACHED WITH GREAT BRITAIN

British to Pay U. S. \$35,500,000 as Her Share of Joint Expenses, Including Eleven Per Cent of Liberty Engine Cost.

(By Associated Press)
Washington, May 13.—"A complete and comprehensive settlement" of all claims between the United States and Great Britain growing out of the military operations has been reached by the American liquidation commission.

Secretary Baker announced today that under the terms of the settlement Great Britain would pay the United States \$35,500,000, as a net and final adjustment.

The claims made by the United States consist largely of the British Government's share in the expense of procuring spruce for aviation matter and production of liberty engines, the proportion of American wool turned over to British manufacturers, uniforms and shipments of cotton linters, powder and distillates.

It was estimated that the British would pay eleven per cent of the total cost of producing the liberty engine, this item alone amount to \$16,500,000.

PROGRESSIVES OPPOSE PENROSE WARREN CHOICE

(By Associated Press)
Washington, May 13.—Republican Senators continued today to discuss plans for organization of the new Senate, preparatory to the meeting of the party caucus Wednesday. The conference, of which there were a number during the day, centered about the opposition of the progressive group of senators to the selection of Senator Penrose, of Pennsylvania and Warren of Wyoming as chairman of the Finance and appropriation committee respectively.

Leaders of both the regular and progressive groups tonight said the situation apparently was unchanged, except as to the number of the latter group willing to carry their opposition to Senators Penrose and Warren to the floor of the Senate.

Both sides declare themselves ready for a long fight, if the mayor's conference fails.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritation which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back. Get a trial box of GOLD MEDAL. Haaslin Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If you give cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

DEATH SUMMONS MRS. J. A. WOOD

Word came from Columbus shortly afternoon Tuesday that Mrs. J. A. Wood whose condition had been one of great seriousness for several days, had passed away at the Mt. Carmel Hospital.

For sometime Mrs. Wood had been in poor health, having undergone two operations one at Fayette Hospital in this city several months ago. It was hoped that this last operation would be successful, and in a short time she would be able to return to her home near Good Hope. But for the past several days her condition has been critical, and all hopes for recovery were given up.

Her husband and children, Mrs. Oren Siler of Columbus, Mrs. Hugh Creamer, of Jeffersonville, Oliver, Ebon and Miss Martha Wood were all with her when the final summons came.

Mr. Wood had been constantly with his wife at the Hospital and the children went back and forth.

The death of Mrs. Wood will be learned with deep regret in both this city and the Good Hope Community, of which she had so long been a part and where her kindly neighborliness will be greatly missed. She was a conscientious member of the Baptist Church, but throughout her entire life her warmest interest had centered in her home and in those things which were for the welfare of husband and children and to them her loss is beyond the power of words to tell.

No arrangements have yet been made for the burial. The body will be brought down from Columbus this afternoon and taken to the home below Good Hope.

Mrs. Wood was a sister of the late Lossan Van Kirk, of Yellow Springs, and is survived by five sisters, and one brother, Mrs. O. S. Nelson of this city, Mrs. W. E. Phillips, of Stoutsville, Mrs. James McCord, of Uhrichsville; Mrs. Wm. McCord, Dayton; Mrs. Lydia Jones, St. Mary's; and Rev. Hiram Van Kirk of Darion, Conn.

ATTRACTIVE PROGRAM FOR CLASS NIGHT

Class Night is always fraught with pleasurable anticipations and not only Seniors and their friends but the public generally enters into the spirit of the lighter vein which precedes the Annual High School Commencement.

The Class Exercises will be held Friday night, May the sixteenth at the High School Auditorium and will precede the Baccalaureate sermon to be delivered by Rev. J. L. McWilliams on Sunday night and the Commencement itself on Thursday night, the twenty-second.

A very attractive program will be presented including music by the H. S. Glee Clubs. The Girls' Glee Club will sing a Cycle Love Song—"A Day in Venice"—Nevin—and the Boys' Club "The Gypsy Trail"—Claude Galloway and "The Song of Prince Rupert's Men"—Arthur Thayer. Miss Dorothy Parrett will be the soloist.

The Class Exercises will feature the Class Address by the President, Robert Reardon; Class History by Miss Marie Robinson, Historian; Class Prophecy by Miss Winifred English, Class Prophetess and Class Will by Richard Haynes, Class Lawyer.

To Robert Harper has fallen the honor of having his original poem chosen as the Class Song. Four graduates completed and submitted poems to the entire Class, the vote being overwhelmingly in favor of the words penned by young Harper.

FOUR FOOTED CHICK FROM UNUSUAL EGG

A while back the hen decided to quit work and demonstrated her desire to set, so she was supplied with a setting of eggs, including one laid on the day between the two-egg days.

Monday the eggs hatched and the particular egg produced a chick with four distinct and well developed feet. The chick is still living.
